

NORDIC NATURALS CONFIDENTIAL

Third-Party Test Results for Purity and Freshness

NORDIC NATURALS RETAIL LINE

Product	Covance Ref. #	Test Date	Peroxide Value*	Mercury**	Lead**	Dioxins/DDT***
Arctic Cod Liver Oil	30104396	1/29/03	1.9 mEq/kg	None detected	None detected	None detected
Children's DHA	30402887	4/22/03	2.0 mEq/kg	None detected	None detected	None detected
DHA Formula	30104393	1/29/03	1.1 mEq/kg	None detected	None detected	None detected
EPA Formula	30104391	1/29/03	1.4 mEq/kg	None detected	None detected	None detected
Omega-3 Formula	30104389	1/29/03	1.2 mEq/kg	None detected	None detected	None detected
ProOmega	30405037	5/2/03	1.9 mEq/kg	None detected	None detected	None detected
Complete Omega	30104394	1/29/03	1.0 mEq/kg	None detected	None detected	None detected
Omega Woman	30104392	1/29/03	0.3 mEq/kg	None detected	None detected	None detected

* European Pharmacopoeia limit: 10 mEq/kg

** Detectable down to 25 ppb, European Pharmacopoeia limit: 1,000 ppb

*** Detectable down to 0.5 ppt (particles per trillion), European Pharmacopoeia limit: 2 ppt

Important Note: The above information is based on 3rd party analysis of Nordic Naturals finished product, not bulk oil. This detail is important because even in with the most rigorous techniques, some oxidation will occur during processing. While it is normal to give out information on bulk oils, Nordic Naturals feels that this approach does not accurately state the freshness and purity of the products. Consequently all testing of Nordic Naturals are performed on finished product, not raw material.

All tests are performed at Covance Laboratories, Ltd. in the United States.
